

Notification of driver death

Each month, the Division of Motor Vehicles (DMV) updates its records with information received from the Department of Health and Family Services, Office of Vital Records. DMV receives a list of Wisconsin residents who have died in Wisconsin and a notation is put on the driving records of those people to prevent unlawful use of their driver's license or ID card. If you are in possession of the driver's license or ID card of someone who died, we recommend that you destroy the card.

If you wish to notify us of the death of a Wisconsin resident who died out-of-state, please write to us at:

WisDOT-DIS
4802 Sheboygan Ave.
